MATLOCK

“LILYBANK” is situated on the southern slopes of a range of hills, 500 feet above sea level, and overlooks the beautiful valley of the Derwent.

From its unique position magnificent views of the surrounding country are obtained. Here one sees the beauty of the district, justly called “The Switzerland of England.”

South and south-west, as far as the eye can reach, is unfolded a panorama of glorious scenery. Hill and dale, woodland and moorland, present a pleasing picture which never fails to charm, and which, with the changing seasons, never grows monotonous.

The climate of Matlock is dry and bracing, and the exhilarating air is always beneficial.

For three years in succession Matlock has claimed the title of the “Healthiest Health Resort” in the United Kingdom, its rate of mortality being 11·8, 10·5, 10·5.

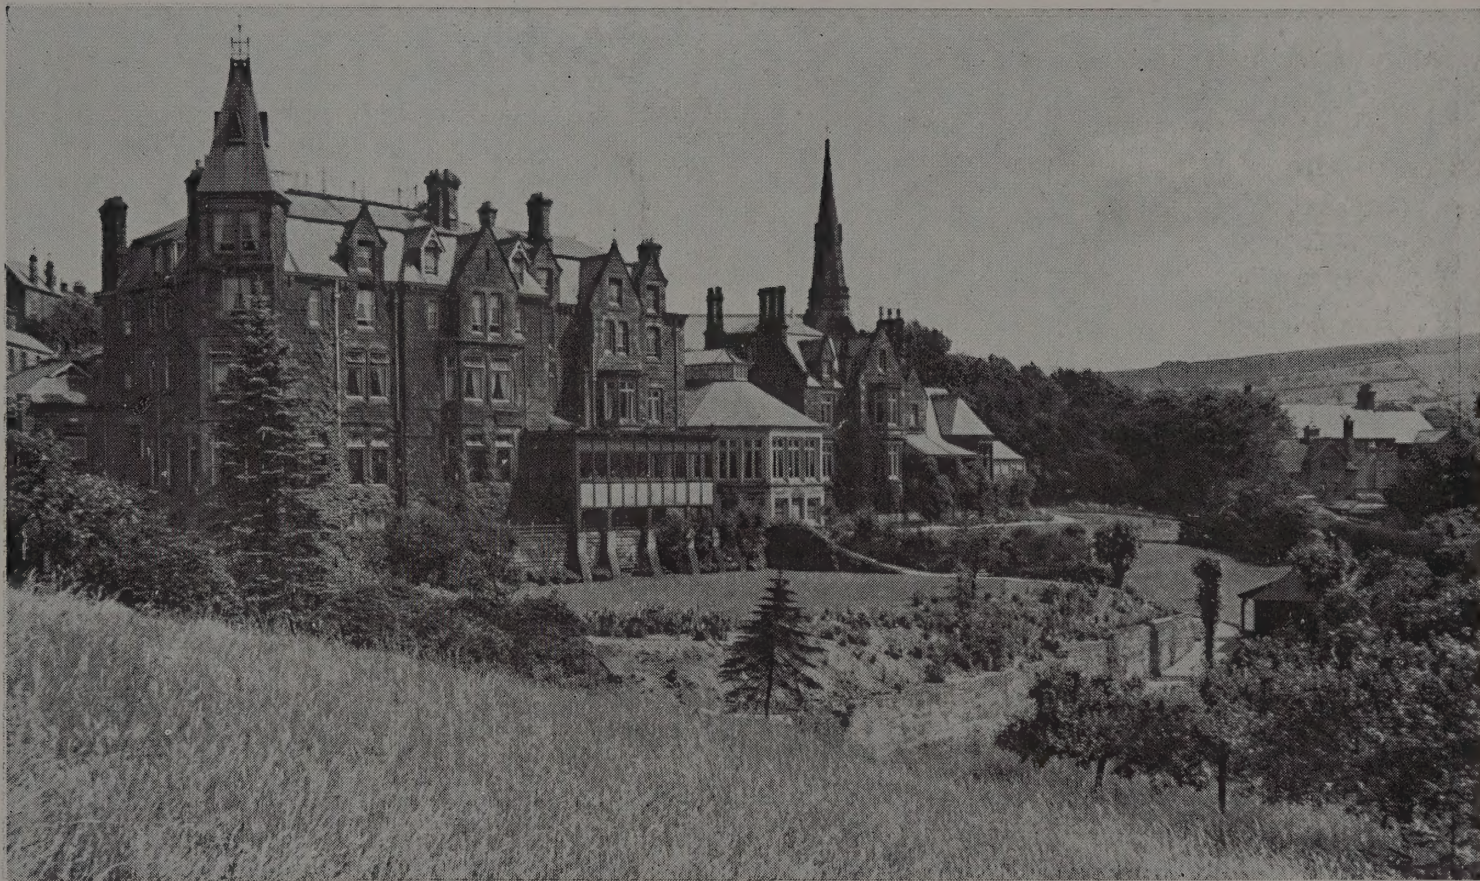

Sheltered on the north and east by lofty hills, "LILYBANK" is an ideal winter and summer resort.

Situated in its own grounds of seven acres the Hydro is within ten minutes' walk of the Matlock L.M.S. Station, and is within easy reach of the attractions of Matlock and District.

A special feature of "Lilybank" is the extensive and beautifully laid out grounds. Surrounded on two sides by large trees, which shelter the building from the north and east winds, the whole of the south and west unfolds as fine a view as one could wish for. The grounds are undulating, and well kept, walks being found in all directions.

The "En-Tout-Cas" hard Tennis Court is one of the best in the district, and its situation is unique. Surrounded by flowering plants and shrubs, and with a raised terrace from which the games can be seen in comfort, the court is a popular attraction to the visitors.

Immediately in front of the Sun Lounge is a large Bowling Green, which is in constant use throughout the summer months, and adjoining is a nine-hole putting green with a very interesting layout, and where nearly everyone seeks to lower the score record.

Seats and chairs are dotted about the garden in abundance, and in the summer months there are bright coloured umbrellas, which give quite a gay appearance.

Roses are a special feature of the gardens, and over 2,000 trees are planted in the different beds. In the Orchard the visitor will find interest in the fine specimens of various fruit trees.

Accommodation can be provided for 130 guests, and visitors find that even when the Hydro is full there are always plenty of comfortable seats in the public rooms. The Hydro's garages adjoin the premises, and private "lock-ups" can house 22 cars. There is a covered space where a further 10 cars may be left with perfect safety.

The public rooms comprise Entrance Lounge, Billiard Room, Dining Hall, Reading and Writing Room, Concert and Ball Room, Smoke Room, and Drawing Room, also a Sun Lounge with Vita Glass. All these rooms are large, lofty and well ventilated.

Electric light is installed in every room, and during the winter months the Hydro is kept at a very genial temperature by a new and very efficient system of central heating. Hot water radiators are installed in every room throughout the establishment, and the whole of the rooms are thus kept at the same temperature.

A first-class system of hot and cold water is installed and every bedroom is fitted with a Shanks' Hot and Cold Wash Basin. Evans Ltd., of Leicester, have recently erected one of their automatic passenger lifts which carries six passengers. This serves the three corridors and is easily worked by visitors by simply pressing a button.

There are two sets of baths—ladies and gentlemen's. The good old style of hydrotherapy which has made Matlock famous is here carried out by experienced and skilled attendants with great success. The Baths comprise Russian, Vapour, Packs, Hot Air Sitz, Shallow, Needle, Douches, etc.

Mr. and Mrs. Kay (who have had over twenty years experience of hydrotherapy), are always at hand to give advice and help to anyone requiring treatment.

HOURS FOR BATHING AND TREATMENT.

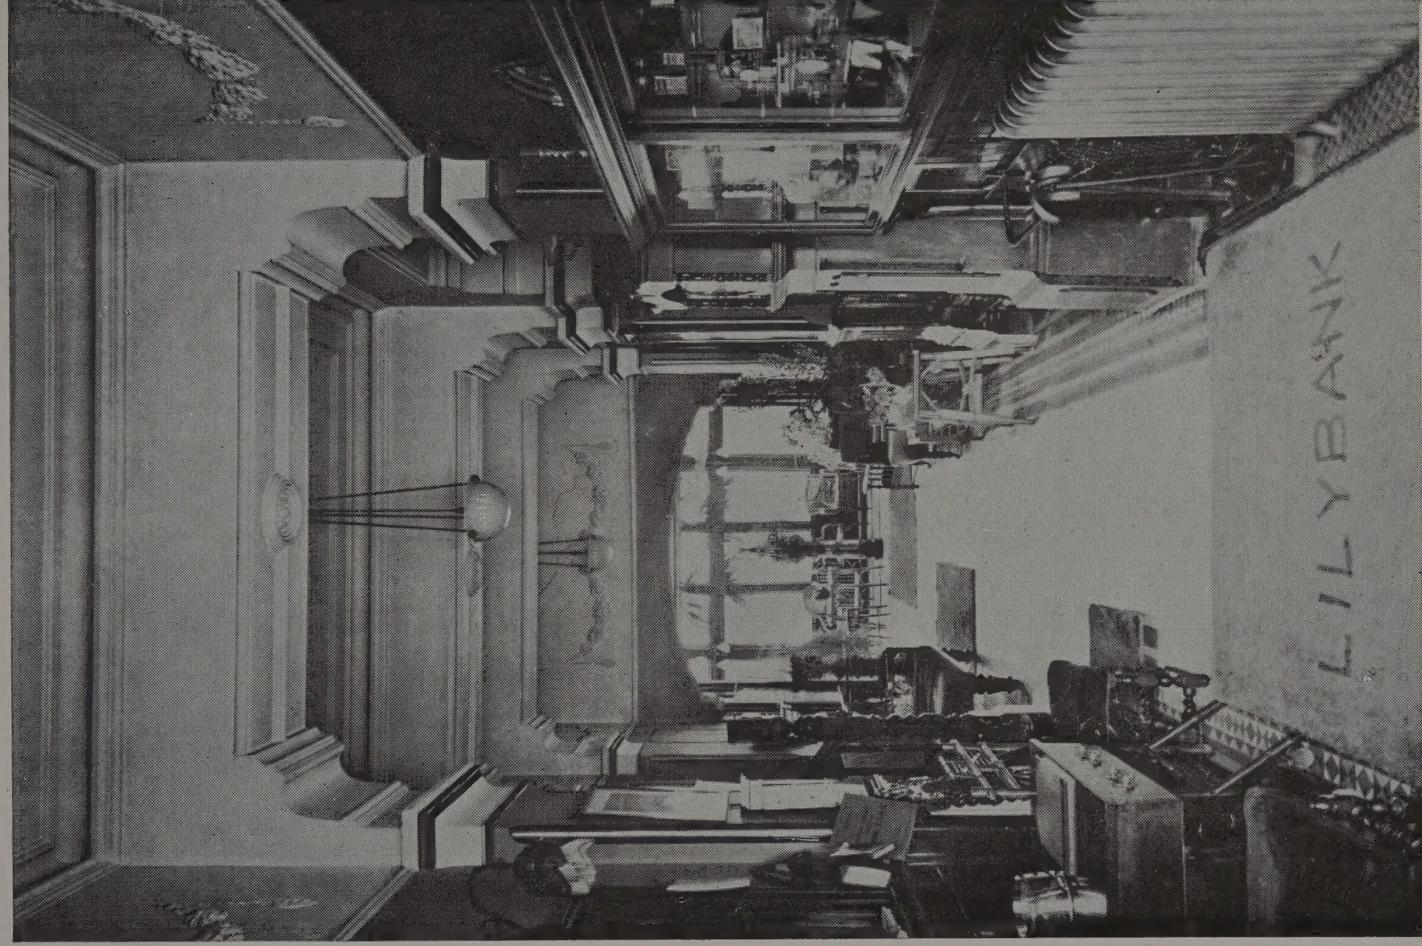

Gentlemen—30 a.m. to 9 a.m.; 11 a.m. to 12.45 p.m.; 5 p.m. to 6.45 p.m.

Ladies—11 a.m. to 12.45 p.m.; 2 p.m. to 4.30 p.m.

Massage, Medicated Baths, etc., are given by appointment.

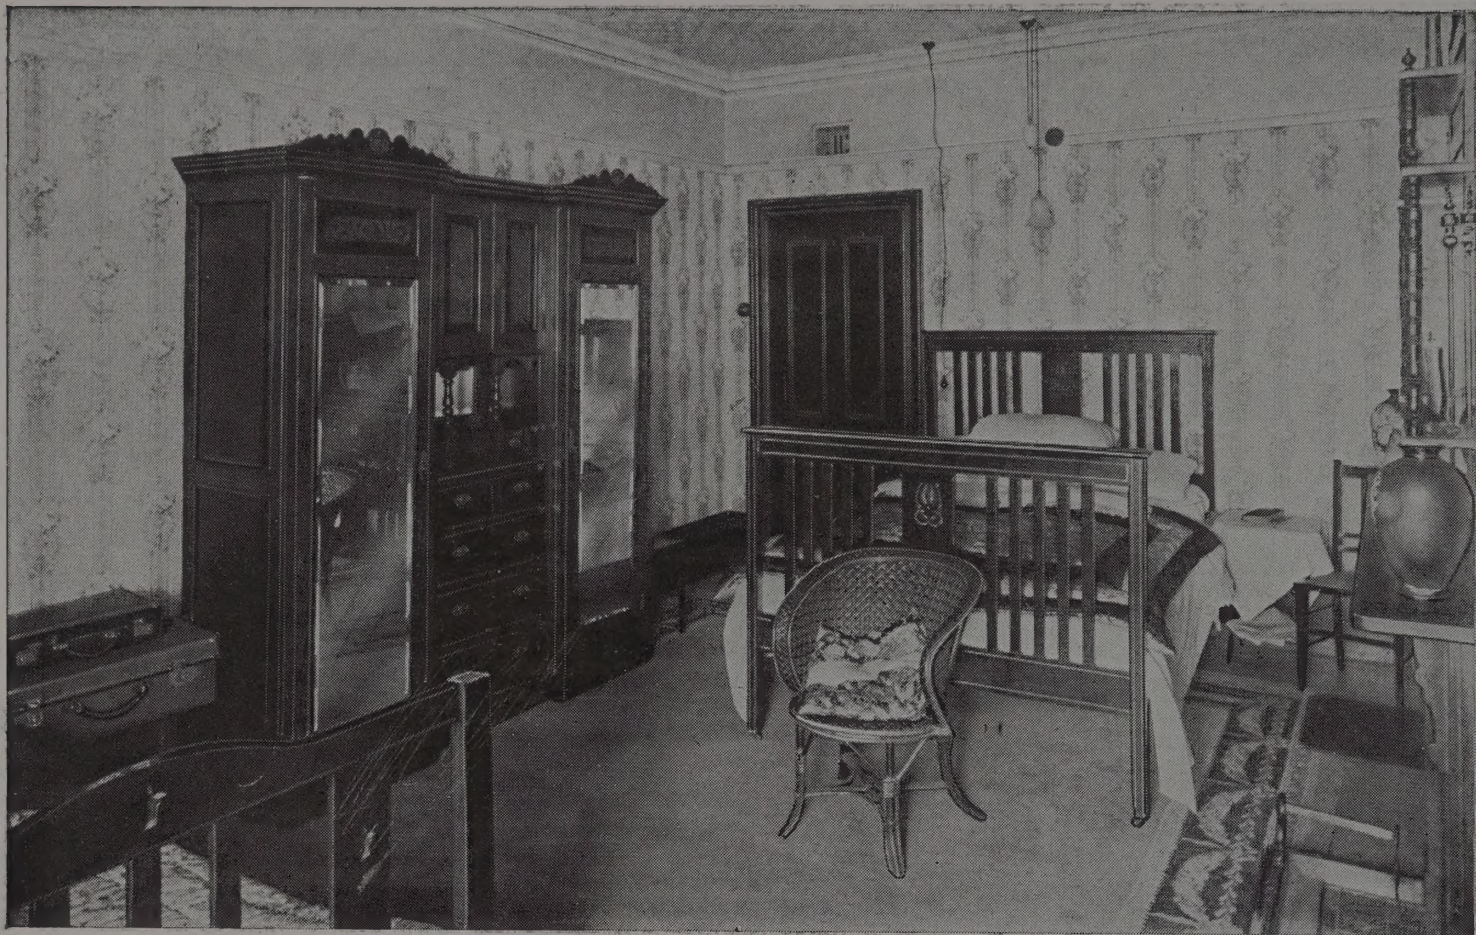

Closed.

A recent addition to the attractions of Matlock, is the Children's Boating Lake and the very modern Children's Paddling Pool, which is centrally situated in the Hall Leys Park. In the Town and only a few minutes' walk from "LILYBANK" is an up-to-date Swimming Pool, and the most recent of the Matlock Town Council's welcome attractions to the district, built at a cost of about £8,000.

THE BALLROOM.

The Ballroom is $45\frac{1}{2}$ feet long, 35 feet wide, and 21 feet high, and is fitted with the latest and most up-to-date spring floor—Morton's "Valtor" system. The floor surface is of maple. A gallery runs along the full width of the room, and, in addition to a piano, organ, jazz drums, etc., can seat 40. The greatest feature of this room is not shewn in this photo. A bay window, 35 feet wide, extends into the terrace, and the view from every window is delightful. The grand piano shewn in the photo was presented to Mr. and Mrs. Kay by a number of "LILYBANK" visitors. Concerts, Whist Drives and Dances are frequently arranged.

THE DINING HALL.

The Dining Hall is a most pleasant and cheerful room. It overlooks the lawns and garden, and from most of the window tables extensive views are obtained. The Wedgwood decorations have a pleasing effect, and the furnishings are of the best. The cuisine is all that can be desired, and all the meals are well cooked and served.
